This list includes known installations of **Phasemaster®** rotary phase converters on AM, FM, and TV broadcast transmitters since 1971. It is based upon information provided to Kay Industries at the time of original purchase of the phase converter. It does not include known installations of used converters nor converters placed into service prior to 1971. Kay Industries regrets any errors contained herein and would be pleased to correct this listing to reflect omissions or changes in call letters or location.
